

Douglas R. Coleman
Memorial Trophy
Monhegan Island Race

Awarded to first overall yacht
 Class B

Mrs. Elinor Payson Coleman donated this trophy in memory of her husband. The trophy is inscribed with the trophy name, with Douglas R. Coleman as skipper of the yacht "Flying Saucer", with the results from 1965 to 1973 of "Flying Saucer" and with the names of twenty-five crew members that sailed with Coleman. The award was originally given for the first in Class B. This continued with the shortened Wood Island course. When the original Monhegan course was reinstated, the Class B designation became associated with the Wood Island Course. This resulted in this award as being given for first overall in the Wood Island Course.
